Jazz Bilzen

What should you know about Jazz Bilzen? Jazz Bilzen is the legendary festival that put Bilzen on the map worldwide from 1965 to 1981. It was one of the first major music events in Flanders and is regularly called 'the mother of all festivals'.

The 'Demer walk' app takes you to the most memorable places: the (separate) campsite, the first backstage area, and more. You can listen to music fragments and interviews with artists as you progress through the walk.
